ANNUAL e-GOVERNANCE REPORT 2022-23

1. Administration:

e-Office: The e-Office aims to support Governance by ushering in more effective and transparent inter and Intra-Government processes. The vision of e-Office is to achieve a simplified responsive, effective and transparent working of all Government Offices. The Open Architecture on which e-Office has been built, makes it a reusable framework and a standard reusable product amenable to replication across the Governments, at the Central, State and District levels. The product brings together the independent functions and systems under a single framework.

APFRS: The APCFSS has developed APFRS, a mobile application based on Artificial Intelligence. This app utilizes facial recognition technology to capture clocking data and mark the attendance of AP government employees. Its primary purpose is to monitor the attendance and leave management of AP government employees.

Biometric Attendance System (iAMS): The Integrated Attendance Management System (IAMS), a biometric attendance tool developed by iConma, stands as a comprehensive and unique attendance system tailored to meet the specific needs of Education departments. This system allows staff to record attendance effortlessly by presenting their biometrics (fingerprints/Iris) using installed biometric devices. Staff members utilize biometric attendance to register their presence on campus, and the system also facilitates the capture of classroom attendance through a mobile app.

CEGRaM (Collegiate Education Grievance Redressal and Monitoring): The "Collegiate Education Grievance Redressal and Monitoring (e-CEGRaM)" Application, an Android-supported app, has been meticulously developed and introduced by APCCE. This innovative initiative aims to facilitate seamless access to a broader user base within all Government Degree Colleges across the state. The primary objective of the app is to empower users to register their grievances efficiently through the web interface, ensuring a streamlined and effective grievance resolution process.

2. Finance and Accounts:

CFMS (Comprehensive Finance Management System): Government of Andhra Pradesh introduced a digital platform for e-governance in financial transactions which is called Comprehensive Finance Management System (CFMS) from 2018-19 financial year and made it compulsory to adopt it. Consequently, college runs all financial transactions including salaries scholarships, purchases etc., through CFMS only.

Payroll HERB: In addition to CFMS, the Government of Andhra Pradesh has introduced Payroll HERB, an innovative payroll management system, in addition to CFMS. This system is specifically designed to meet the needs of organizations operating in the financial sector, providing convenient access to pay slips and other relevant financial services for AP employees.

PFMS: The Controller General of Accounts (CGA), Department of Expenditure, Ministry of Finance, Government of India, has developed and implemented the Public Financial Management System (PFMS). PFMS is a web-based online software application that serves as the platform for payment, accounting, and reporting under the Direct Benefit Transfer of college funds allocated by RUSA and NSS.

F-MAP (Fee Collection Management System): The Andhra Pradesh Collegiate Education (APCCE) has proudly introduced an online application known as the Fee Management Application (F-MAP), specifically crafted to enable students to conveniently pay their college fees using their mobile devices at any time. This user-friendly app serves as a digital gateway for students, offering seamless and accessible fee payment options. The overarching objective behind the implementation of F-MAP is not only to facilitate convenient fee transactions but also to uphold transparency in financial accounts and ensure the utmost accuracy in data management.

2. Admissions & Support:

OAMDC: Online mode of admissions was started from the academic year 2018-2019. It was strictly implemented from the academic year 2020-21. APSICHE has introduced the OAMDC (Online Admission Module for Degree Colleges) System to establish a transparent and efficient online admission process for all the Degree Colleges in AP State. Under this system, students are required to apply and secure college admission online based on their merit and preferences. All the admissions to our college are through this portal.

Scholarships: The Jnanabhoomi portal, managed by the Government of Andhra Pradesh, is exclusively dedicated to implementing diverse scholarship schemes provided by various government departments. Established in 2017, this digital platform aids the state government in the efficient implementation and disbursement of Pre-Matric, Post-Matric, and other scholarship programs. Students domiciled in Andhra Pradesh and belonging to categories such as SC, ST, BC, Minorities, Kapu, EBC, and differently-abled individuals can avail benefits under these schemes through the portal.

TLP (Teaching Learning Process): In the facilitation of the teaching-learning process, the Andhra Pradesh Collegiate Education (APCCE) has developed a cutting-edge android application named Teaching Learning Process (TLP). Through the utilization of this innovative application, faculty members can seamlessly record and post attendance for their classes in adherence to the college's timetable. This mobile application is intricately designed to enhance efficiency and streamline the overall teaching-learning experience. Its implementation not only simplifies the attendance recording process but also plays a pivotal role in upholding accountability and credibility for lecturers in their commitment to the teaching-learning process.

I-MAP (Internship Monitoring Application): It is introduced by APCCE, Govt of AP for the purpose of enrolling and mapping the students in the industrial internship through the online App. This Internship Monitoring App provides Internship opportunities to students with industry connect & monitors the status of every student in the state helping to easily identify the lapses and gaps to focus on.

CEJB (Collegiate Education Job Portal): The Andhra Pradesh Collegiate Education (APCCE) takes pride in unveiling a distinguished job platform known as the Job Portal (CEJP) catering to students across all government degree colleges in the state. This online platform serves as a virtual hub, fostering connections between final-year students seeking employment opportunities and prospective job providers. Online classes were started in view of Covid-19. Our college has an active subscription to Google Workspace for Education Fundamentals (formerly G-Suite for Education) and we are using its applications like Google Classroom, Google Meet, Google Forms, etc. for online teaching learning process.

4. Examination:

The affiliated University facilitates for announcements regarding examination notification, time table and declaring the results through its website. Further these announcements are also placed in college website and also posted in common WhatsApp groups of students which are created for the purpose of online classes. Even for information regarding internal examinations, assignments, student projects and any matter regarding examinations and its related grievance, the common WhatsApp groups of students are being utilized.
