The CDC DEAN,
Yogi Vemana University, Kadapa.

Sir,

Subject: Submission of Suggestions from Stakeholders Regarding Curriculum and Examination System.

As part of our continuous efforts to enhance the academic quality at Government Degree College, Rayachoty, we have gathered feedback from our stakeholders, including students, teachers, alumni and employers for the academic year 2018-19. Based on their input, we respectfully submit the following suggestions for your review and consideration:

1. Student Suggestions:

Curriculum Adjustments:

- Some students have expressed concerns regarding the inclusion of high-level topics in the cluster and elective system during the sixth semester. They suggest that some topics be reviewed and potentially removed to better align with their learning progression.

2. Teacher Suggestions:

- Internal and Examination Marks Ratio: Teachers have proposed a revision of the internal and examination marks ratio from the current 25:75 to 40:60, similar to the system used by autonomous colleges. This adjustment could better reflect the students' continuous assessment and performance.

- Curriculum Revisions: Some faculty members have recommended the deletion of certain topics and the addition of new ones to better meet the evolving academic and industry standards.

3. Alumni Suggestions:

- Market-Oriented Courses: Alumni have highlighted the need for the introduction of market-oriented, job-specific courses into the curriculum to enhance the employability of our graduates. We believe this would significantly benefit our students in securing relevant jobs post-graduation.

4. Employer Suggestions:

- Enhancing Communication and Employability Skills: Employers have stressed the importance of improving communication and employability skills among our students. To address this, we have organized certificate and training programs through the Jawahar Knowledge Centre. However, further integration of these skills into the curriculum would be highly beneficial.

We kindly request that these suggestions be taken into consideration during the upcoming curriculum review process. We believe that implementing these changes will greatly benefit our students and better prepare them for their future careers.

Thank you for your attention to these matters. We look forward to your feedback and positive action.

Yours sincerely,
