DEPARTMENT OF LIBRARY

NewGenLib Software

Library is a treasure house of knowledge. It is considered as the Heart of the Educational Institutions. It plays a central role in enhancing the quality of academic and research environment. The Library as a learning resource is taking up increasingly more academic space and time in the life of a learner. In a digital era technology plays a pivotal role in revolutionizing education. To improve the operations and enhance the user experience, implementation of library software is essential. Library software automates routine administrative tasks like cataloguing, circulation. It also enables librarians to efficiently track resources and monitor borrowing and returning activities.

In our college the Library is housed with 11535 books. It is revolutionized to use ICT to get more benefits to library users. Hence we, our Honorable Principal and Library Advisory Committee have discussed and resolved to computerize the Library with NewGenlib software 3.1.1 version.

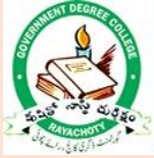

We have completed the Cataloguing and started the Circulation by using Digital Library Card with Barcode. We have got digital library cards with barcode and distributed to first year students of 2023-24

OBJECTIVES:

- To Promote ICT in the Library by Using NewGenLib Software.
- To promote the idea that libraries are places to get connected to Technology by using Library software.
- To get acquainted with the collection of the Library by using OPAC- NewGenLib Software.
- To get access the library resources easily by using OPAC- NewGenLib Software.
- To let the students know the Library Software to operate library administration.

OUTCOMES:

- Library software helps libraries manage their collections more efficiently by providing tools for cataloguing, classification, organizing books and circulation.
- The software enhances the access, retrieval of resources and user experience.
- The software enables the students to track the availability, location and status of library resources.
- The students are provided Digital Library Card with barcode, generated from SOUL Software.
